

# ***Civil Liberties and Rights Must Never be Taken for Granted!***

## **Join the Greenfield Bill of Rights Defense Committee as we work to make Greenfield a Civil Liberties Safe Zone.**

If you believe in the rights guaranteed by the United States Constitution, then please come to an initial meeting to defend those rights. If we do not act now, we may permanently lose essential freedoms of speech, expression, and due process. We must tell the government that we need protection, but not at the cost of our freedom. Our group aims to get Greenfield to join the 233 other cities, towns, counties, and states that are now "Civil Liberties Safe Zones."

**Meeting Thursday, December 11, 2003, 7 pm,  
Greenfield Teen Center, 20 Sanderson Street.**
